ROPER RHODES

*Thoughtfully
designed
since 1979*

Our story

Appropriately founded in the home of bathing, Roper Rhodes was established in 1979 in the beautiful city of Bath, which we still call our home today. It's been over 40 years since then where we have grown and changed along with the city. Furthermore our passion for design, ingenuity and creativity has never been stronger.

A close-up photograph of two sage green cabinet doors. The doors feature a classic shaker-style design with recessed panels. Two round, brushed brass knobs are mounted on the doors, one on each. The lighting is soft, creating a gentle shadow on the left door. The overall aesthetic is clean and modern with a touch of traditional charm.

*There's
nothing
new about
Hampton
and that's
precisely
its charm.*

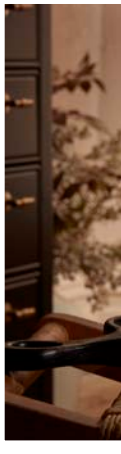

Enduring design

A homage to Shaker design, we believe that enduring objects are created with care, time and consideration, carefully crafted to weather passing trends.

Our Hampton collection has been decades in the making. From the cabinetry to the hardware, our designers have fine-tuned every detail to create a furniture collection that feels like home.

Time well spent

With its subtle moulding and tongue-and-groove detailing, Hampton is available in a signature palette of finishes and six versatile sizes. Designed for flexibility, the collection offers endless personalisation with a wide choice of handle combinations, complemented by a full range of coordinating pieces, including WCs, basins, bath panels, mirrors, and storage solutions.

But don't just take our word for it - read on to discover the Hampton collection for yourself.

From our home...

The busiest room
in your home, the
bathroom is where
mornings unfold,
routines collide,
and the day begins.
Hampton combines
durability, functionality,
and classic design for
effortless modern living.

"The Hampton double vanity unit is the focal point of the space and my 'stand out' design element, with solid Strata Cararra worktop and ample storage. We accessorised the vanity with simple yet striking brassware and accessories, from taps, to mirrors and lighting, all framed and stacked zellige tiles, which I fell in love with from the get go."

Laura, Homebirds

Hampton at home

We're in good company

Emma & Laura

@_homebirds_

A traditionalist at heart, Laura wanted to combine this tried-and-true look with playful, modern accents and travel-inspired surface styles.

Interior stylists, bloggers, and content creators based in Nottingham, Homebirds Interiors duo Emma and Laura are a creative force to be reckoned with. Friends for almost 20 years, this inspiring pair connected through their shared passion for home design and interiors. We were delighted to work with Laura on her new build bathroom - a warm and timeless space with Mediterranean influences.

The final look is warm and timeless. Hampton cabinets, brass accents, statement tiling, and warm terracotta flooring all come together to create a distinctively modern yet still traditional bathroom. It is full of personality, with a feminine flair that is both stylish and fun.

PRODUCT SPECIFICATION

Roper Rhodes furniture is designed for use within domestic installations which are adequately ventilated and is not suitable for installation in wet rooms. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items.

Products with a brass finish may not match exactly due to variations in the brass alloy composition, differences in finishing techniques, natural aging processes causing patina and the lighting they are compared in. Imagery shown in this brochure are representative only.

SWATCH SAMPLE SERVICE

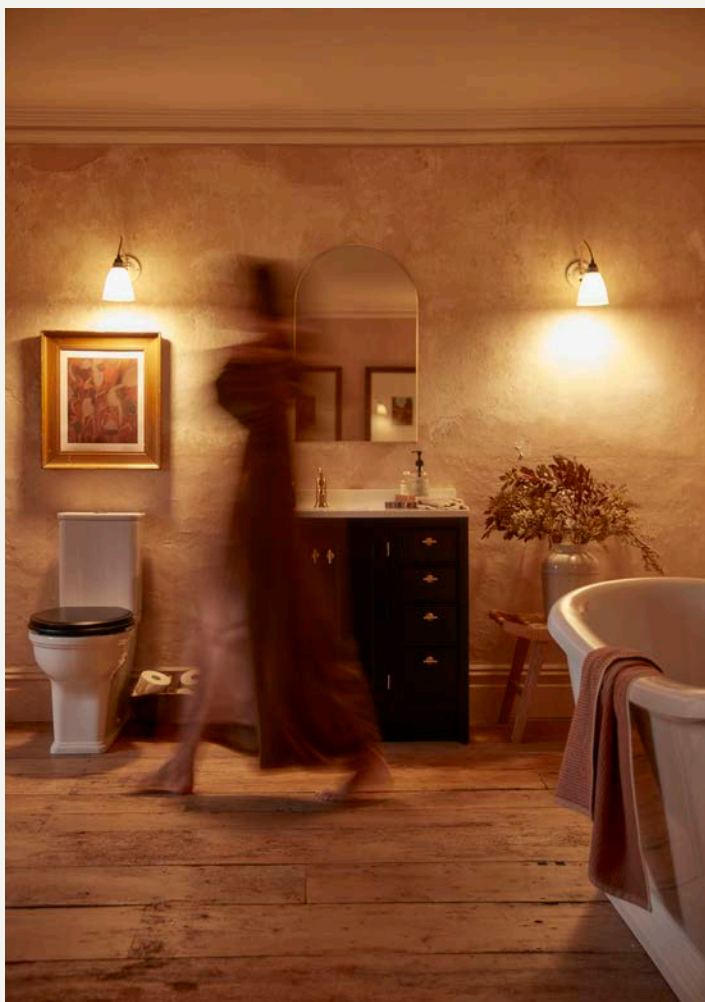

If you would like to request a finish swatch sample (maximum of 3), please either visit our website roperrhodes.co.uk/swatches or contact a member of our customer service team who will be happy to assist with your request.

PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is dispatched. The prices charged will be those ruling at the date of dispatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.
