200 YEARS OF EXPERIENCE

We have been in the bathroom trade for as long as there have been indoor bathrooms; passed down through six generations of the Farmiloe family and filtered through artists, entrepreneurs and businessmen to bring you a service that really has withstood the test of time.

Farmiloe & Farmiloe historically only sold business-to-business, however, in August 2023, we launched 34 St John as our direct-to-consumer brand.
